

SAN JOAQUIN COUNTY
**RESOURCE
CONSERVATION**
D I S T R I C T

The San Joaquin County Resource Conservation District (SJCRCD) is looking for an individual to assist with on farm conservation planning and grower outreach with a main focus on water quality and quantity. This position will also assist with looking for funding opportunities to do projects within San Joaquin to help improve water resources.

SJCRCD works closely with the USDA- Natural Resources Conservation Services (NRCS) and has a common goal to work with private land owners and managers to improve their management of natural resources and comply with environmental regulations. This position will also assist agricultural producers with Environmental Quality Incentives Program (EQIP) funding for best management practices that help improve soil, water and air quality in San Joaquin as well as the Delta.

SJCRCD is currently operating the San Joaquin County and Delta Water Quality Coalition which serves San Joaquin, Contra Costa and Calaveras counties. This position will also assist agriculture producers to help comply with the current state water quality regulations and help educate them about best management practices for water quality.
